Driver:

- 1 Arie Villasol - began in 1997 - DSP Champion 2002, 2<sup>nd</sup> DSP - 2000 & 2002 Nationals

Why Solo 2?

Besides being the most affordable form of racing, the camaraderie and the competition is amazing. There are many different classes which allow everyone to compete, including spouses and children. You choose the level of car preparation you want to compete at. Although there are specific skills which some people possess which make them faster, you don't need to be an expert driver to enjoy autoxing. You can be a casual autoxer or you can be a serious one - it's all up to the individual. Either way, the autoX formula for success = FUN!
